

GREAT GREEN GLOBS

An Hour Game from Steam Kitty Games, www.steamkittygames.com

3-6 players

The dealer, known as Mikey, deals each other player 5 cards.

From their cards, they choose cards to create the "grossest" dish; one which even Mikey won't eat. Words may be pluralized or suffixed as needed.

The players take turns reading their dish aloud.

The player who created the grossest dish, as chosen by Mikey gets a point.

Players discard their cards and the player to the left of "Mikey" then becomes the new "Mikey". Shuffle the discard pile as needed.

First player to receive five points wins.
